

# Ayush Sharma

Noida, India | P: +91 7289081815 | ayushsharma7480@gmail.com

## EDUCATION

---

### AMITY UNIVERSITY

Greater Noida, India  
2018

Diploma in Information Technology

Cumulative Percentage: 71/100;

Relevant Coursework: Database Management, Data Structures, Java, Web Technology

### JAYPEE INSTITUTE OF INFORMATION TECHNOLOGY

Bachelors in Information Technology

Noida, India  
September 2018 - May 2024

## WORK EXPERIENCE (INTERNSHIP)

---

### Priya Qubit

Hyderabad, Telangana

Java Development

Jun 2017 – Sep 2017

- I gained valuable hands-on experience in Java development, a versatile and widely-used programming language in the software industry.
- Under the guidance of experienced developers, I honed my skills in creating robust and efficient applications.
- Designed a Restful Api using Spring boot.

## UNIVERSITY PROJECTS

---

### RESTFUL API

June 2023

- The project aimed to design and implement a RESTful API, following the principles of Representational State Transfer (REST).
- REST is an architectural style for designing networked applications, emphasizing a stateless and resource-centric approach.

### Registration and Login System ( Spring Boot + Thymeleaf)

August 2023

- The project aims to create a robust and secure web application for user registration and login, utilizing modern Java technologies
- The application ensures a seamless user experience while prioritizing data security and efficient database management.
